

LAKSHIT SUTHAR

Data Scientist | Data Analyst

Udaipur, Rajasthan, India | lakshitsuthar158@gmail.com | [linkedin.com/in/lakshitsuthar](https://www.linkedin.com/in/lakshitsuthar) | github.com/lakshitbuilds

PROFESSIONAL SUMMARY

Aspiring Data Scientist and Data Analyst with knowledge of Python, SQL, Pandas, NumPy, Matplotlib, Web Scraping, and Basic Machine Learning. Skilled in data cleaning, exploratory data analysis (EDA), data visualization, and extracting insights from datasets. Developed multiple data analysis and web scraping projects, along with Flask-based web applications integrated with MySQL. Passionate about solving real-world problems using data and eager to contribute and grow in a Data Science or Data Analytics role.

TECHNICAL SKILLS

Languages	Python, SQL, Java (OOP), C
Data & Analytics	Pandas, NumPy, Matplotlib, EDA, Data Analysis, Data Visualization
Machine Learning	Basic Machine Learning Concepts & Implementation
Web & Scraping	Web Scraping, Flask, HTML, CSS
Databases	MySQL, SQLite

PROJECTS

Mobile Data Analysis

[Python](#) · [Pandas](#) · [EDA](#) · [Matplotlib](#)

- Conducted in-depth exploratory data analysis (EDA) on mobile market datasets.
- Designed visualizations to identify patterns, pricing trends, and market segments.

All-In-One Data Scraping

[Python](#) · [BeautifulSoup](#) · [Requests](#)

- Developed a comprehensive web scraping solution to extract data from multiple sources.
- Processed and structured scraped data for downstream analysis and reporting.

Quotes To Scrape

[Python](#) · [Web Scraping](#) · [Automation](#)

- Built an automated web scraping pipeline to collect and organize quote data from websites.
- Implemented structured data extraction and storage for scalable automation.

Student Management System

[Python](#) · [Flask](#) · [MySQL](#) · [Bootstrap](#)

- Developed a full-stack CRUD web application using Flask and MySQL.
- Implemented Create, Read, Update, and Delete operations with a responsive UI.

EDUCATION

Master of Computer Applications (MCA)

LJ University, Ahmedabad | 2024 – Present

Currently Pursuing

Bachelor of Computer Applications (BCA)

Parul University, Vadodara | Completed

73%

Higher Secondary Certificate (HSC)

Mahaveer School, Rishabhdeo | Completed

82%

CERTIFICATIONS

- Data Science Course – [CodeWithHarry](#)
- Foundations: Data, Data, Everywhere – [Google](#)
- Data Visualization with R – [IBM](#)
- Generative AI: Introduction and Applications – [IBM](#)
- Introduction to Git and GitHub Basics – [Packt](#)
